

Lijst voorkeursgeneesmiddelen 2023

Binnen een groep onderling vervangbare geneesmiddelen wijzen wij op basis van de laagste prijs één of meerdere middelen aan als voorkeursgeneesmiddel. U hebt dan binnen deze groep alleen recht op dat voorkeursgeneesmiddel. Er is altijd minstens één geneesmiddel met de voorgeschreven werkzame stof, in de gewenste sterkte en toedieningsweg beschikbaar voor u. De voorkeursgeneesmiddelen staan in deze lijst. Wij kunnen deze lijst tussendoor aanpassen. Als we dit doen, plaatsen wij een nieuwe Lijst voorkeursgeneesmiddelen op onze website.
